

# Web Development Fundamentals

40363A

**Delivery Type:** Classroom

**Duration:** 3 days

## Overview:

This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-363, and build an understanding of these topics: Programming Web Applications, Working with Data and Services, Troubleshooting and Debugging Web Applications, Working with Client-Side Scripting, and Configuring and Deploying Web Applications. This course leverages the same content as found in the Microsoft Official Academic Course (MOAC) for this exam.

## Audience Profile:

The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate

fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.

## Course Completion:

After completing this course, students will be able to:

- ✓ Program Web Applications
- ✓ Work with Data and Services
- ✓ Troubleshoot and Debug Web Applications
- ✓ Work with Client-Side Scripting
- ✓ Configure and Deploy Web Applications

## Prerequisites:

There are no prerequisites for this course.
