

i2 iBase Essentials iBase Designer V8

9T242G

Delivery Type: Classroom

Duration: 2 days

Overview

Introducing the essential features, this course forms the foundation of your knowledge of i2 iBase. Gain an understanding of how to use i2 iBase to add data, perform basic analysis and create charts in conjunction with i2 Analyst's Notebook.

A combination of lecture, hands-on work and exercises will be used in this interactive course.

Pre-Requisites

It is essential you have a good knowledge of Windows

- ✓ An awareness of your organisation's i2 iBase databases and an appreciation of their use would be an advantage
- ✓ Basic knowledge of the i2 Analyst's Notebook would also be advantageous
- ✓ All our courses are conducted in English. It is therefore essential that you have a good understanding of both spoken and written English.

Content
