IBM Cognos BI What's New (V10.1)
B5110G

Delivery Type: Classroom
Duration: 2 days

Overview

IBM Cognos Education is now pleased to offer you our courses in an exciting new learning format, Instructor-led Online (ILO). Students are offered a similar experience to live classroom training, with the convenience of having it delivered directly to their desktop.

IBM Cognos BI What's New (V10.1) is a two-day instructor led course that provides participants with knowledge of new features offered in IBM Cognos BI (V10.1). Through lecture and hands-on experience, participants will discover the high-value benefits of this release, including a simplified, more engaging business user experience, a richer, self-service reporting and analysis environment, workflow and collaboration, and easy application administration and life cycle. This course will cover the following high level topics.
