

# COBIT Foundation v5

COBF

**Delivery Type:** Classroom

**Duration:** 5 days

## Overview

A three day, APMG Accredited, course which looks at the drivers for this latest version of COBIT, the five basic principles on which COBIT 5 is founded and the enablers for governance and management of enterprise IT which support the integration between the goals, objectives, controls and processes of the business and IT. The course includes an introduction to COBIT 5 implementation and the concepts relating to the Process Assessment Model.

The course comprises lectures, group discussion, assignments, a sample examination paper and other guidance to prepare attendees for the APMG COBIT 5 Foundation examination. The course activities are reinforced through the trainer's proven implementation track record. The course content is based on COBIT 5, including the framework and other supporting documentation

## Pre-Requisites

- ✓ There are no specific pre-requisites for attendees wishing to participate in the course but it is assumed that attendees will have a

basic understanding of IT and IT concepts.

## Objectives

Attendees can expect to gain knowledge in the following areas upon successful completion of the education and examination components related to this certificate:

- ✓ The major drivers for the development of COBIT 5
- ✓ The business benefits of using COBIT 5
- ✓ The COBIT 5 product architecture
- ✓ The 5 key principles of COBIT 5 for the governance and management of enterprise IT
- ✓ How the COBIT 5 processes and the Process Reference Model help guide the creation of the 5 principles and the 7 governance and management enablers
- ✓ The basic concepts for the implementation of COBIT 5
- ✓ The basic concepts of the new Process Assessment Model
- ✓ The COBIT 5 guides and how they interrelate.
- ✓ The course also prepares attendees for the APMG COBIT 5 Foundation examination which is typically included on the final afternoon of the course.

## Certification

- ✓ Sample paper and review
- ✓ Exam preparation
- ✓ The APMG COBIT 5 Foundation examination.
- ✓ The qualification is based on a 40 minute closed-book examination of 50 multiple choice questions. Typically, the examination is taken at the end of the course.
- ✓ Successful attendees will be awarded the APMG COBIT 5 Foundation Certificate.
- ✓ The qualification is a mandatory pre-requisite for further COBIT 5 Implementation and Assessor training courses

## Target Audience

The course is suitable for business managers, chief executives, IT/IS auditors, internal auditors, information security and IT practitioners, consultants and IT/IS managers requiring an insight into the enterprise governance of IT and who may also be requiring certification as a COBIT 5 implementer or assessor.
