

# HP Storage X9000 File Serving Software System Administration

HK253S

**Delivery Type:** Classroom

**Duration:** 3 days

## Overview

This 3 day course trains system administrators to configure, manage, and monitor an X9000 File Serving Software Solution. This lecture and lab course teaches students how to successfully configure the components of an X9000 file system, monitor file system activities, and perform basic problem-solving and information-gathering tasks.

## Pre-Requisites

Familiarity with NAS (Network Attached Storage) concepts.

## Objectives

- ✓ Successfully configure the components of an X9000 file system.
- ✓ Understand how to monitor file system activities.
- ✓ Successfully manage an X9000 File Serving Software Solution.
- ✓ Know how to perform basic problem-solving and information gathering tasks.

## Target Audience

This course is suitable for X9000 system administrators.
