HP Thin Client Operating Systems and Imaging with HP Device Manager

HK924S

Delivery Type: Classroom

Duration: 2 days

Overview

This 2-day course provides an overview of the HP Thin Client operating systems and imaging and an opportunity to work with the thin clients. It allows the students to capture and deploy images and gain experience with each currently supported thin client operating system. The course has a virtual lab component that gives students a chance to practice imaging with HP Device Manager and to perform other operations with HP Thin Clients.

Pre-Requisites
- ✓ Prior to attending this course, all course participants should have completed the HP Thin Client Sales Certification WBTs below:-
- ✓ Client Virtualisation Product Family (Course ID: 00100742)
- ✓ Selling Client Virtualisation Solutions, Part 1 (Course ID: 00133967)
- ✓ Selling Client Virtualisation Solutions, Part 2 (COurse ID: 00256362)
- ✓ To access these WBTs, Partners should go to the HP Partner Learning Center

- ✓ All course participants should also have the following skills and knowledge
- ✓ Ability to perform Windows 2003 Server administrative tasks.
- ✓ Demonstrate knowledge of Windows 2003 Server platform key components including: Active Directory, DHCP, DNS, FTP.
- ✓ Demonstrate knowledge of network infrastructure concepts and definitions, standard TCP/IP networking and associated concepts (DNS, DHCP, FTP).

Objectives
- ✓ List the options that can be used to image HP Thin Clients and describe the advantages of each imaging option.
- ✓ Use HP Device Manager to capture and restore the image on HP Thin Clients.
- ✓ Identify the HP Thin Clients at a customer's site.
- ✓ Setup, configure, and use an HP Thin Client with each of the supported operating systems:- *HP ThinPro - * Microsoft Windows CE - * Microsoft Windows Embedded Standard.
- ✓ Use HP Device Manager to perform various thin client management operations.

Target Audience

Individuals participating in this course should be those who are required to have a technical knowledge of the HP Thin Client Solution.
