

PRINCE2® Foundation

P2F

Delivery Type: Classroom

Duration: 3 days

Overview

The aim of this training is to provide delegates with a fundamental understanding of the PRINCE2® project management method, and help delegates to prepare for the PRINCE2® Foundation examination at the end of this course.

The course follows the standard syllabus issued by the PRINCE2® Examinations Board, which focuses on the PRINCE2® framework and how this might be applied pragmatically to real projects. PRINCE2® has established itself as the premier approach to managing projects. PRINCE2® is generic – capable of being applied to any kind of project – scaleable and business-driven. Organisations that have adopted the PRINCE2® have claimed that they have been able to achieve greater customer satisfaction during and at the end of projects, to reduce costs and to realise greater benefit from project deliverables.
