

vSphere Exam Preparation Workshop v5.0

VSEXP

Duration: 1 day

Overview

This workshop will be an opportunity to prepare for the VMware Certified Professional on vSphere5 (VCP5) exam.

Objectives

At the end of the workshop, successful attendees will have reviewed the principal areas required for the exam.

The workshop will include:

- ✓ Practice exam questions
- ✓ Instructor-led question and answer revision session
- ✓ Review of key learning points from exam blueprint
- ✓ Exam taking and study tips

Target Audience

Suitable candidates are those wishing to take the examination in order to become a VMware Certified Professional.

Pre-Requisites

Attendance of the vSphere 5: Install Configure Manage, vSphere 4: Fast-Track, or vSphere 5: What's New courses.
