

Networking Fundamentals

40366A

Delivery Type: Classroom

Duration: 3 days

Overview:

This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-366, and build an understanding of these topics: Network Infrastructures, Network Hardware, and Protocols and Services. This course leverages the same content as found in the Microsoft Official Academic Course (MOAC) for this exam.

Audience Profile:

The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career

in technology and assumes some hands-on experience or training but does not assume on-the-job experience.

Course Completion:

After completing this course, students will be able to:

- ✓ Understand Network Infrastructures
- ✓ Understand Network Hardware
- ✓ Understand Protocols and Services

Prerequisites:

There are no prerequisites for this course.
